

Meeting with Governor Inslee

DATE: July 13, 2017
TIME: 1:15 pm
LOCATION: Natural Milk Dairy, Stanwood

PURPOSE:

- Provide an opportunity for Governor Inslee to engage with partners involved with the Snohomish Sustainable Lands Strategy.
- Demonstrate the value of multi-benefit projects, working together, and focusing on the long-term needs and values tied to salmon recovery, Puget Sound recovery, and agriculture viability.

AGENDA:

- 1:15 pm Introductions
- 1:20 pm Overview of the Snohomish Sustainable Lands Strategy (SLS)
- Focus on collaborative, multi-benefit model
 - Importance of federal and state funding and support
 - Floodplains by Design (FbD)
 - Conservation Commission
 - Shellfish Funding
 - Regional Conservation Partnership Program (RCPP)
 - Estuary and Salmon Restoration Program (ESRP)
 - Agriculture Resilience Plan
 - Staff engagement and support
- 1:35 pm Call to action
- Advanced distillation system for dairy waste
 - Tour of facility (need and opportunity)
- 1:55 pm Wrap-up and identification of future actions and opportunities

DESIRED OUTCOMES:

1. Clear understanding of the value of the Snohomish Sustainable Land Strategy and the opportunity to be a model.
2. Identify the clear connection between federal, tribal, state, and local collaborative efforts.
3. Identification of future actions and opportunities.
